"SO GREAT IS THE EFFECT OF CLEANLINESS UPON MAN THAT IT EXTENDS EVEN TO HIS MORAL CHARACTER"

WORLD HAND HYGEINE DAY

Dear Parents,

We are aware that cleanliness is a state of mind. Cleanliness taught at an early age will get implanted well in the personality of the child making him/ her a role model to others. Besides personal hygiene we must teach a child to keep the surroundings clean and belongings neat and tidy. So, we are pleased to inform you that we will be celebrating **Health and Hygiene week from 8th May (Sunday) to 12th May (Thursday) 2022**. So, I request you to kindly send **charts related to the topic, slogans**.

We are pleased to inform you that **World Hand Hygiene Day Assembly will be celebrated on 10th May (Tuesday)** to raise awareness about the benefits of hand washing with soap. Hand Hygiene practices are key measures in preventing infections at home and also in public institutions.

Your support and co-operation will be highly appreciated.
